

Univar Solutions and BASF expand collaboration

- Univar Solutions as exclusive distributor in the United States and Canada for BASF Chemical Intermediates' Glyoxal
- Glyoxal offering beneficial properties for the textiles, disinfection, paper, leather, cosmetics and epoxy industries

FLORHAM PARK, N.J. and DOWNERS GROVE, Ill. , June 9, 2022 /PRNewswire/ -- Effective June 1, 2022, Univar Solutions will become the exclusive distributor for BASF's Chemical Intermediates' Glyoxal in the United States and Canada. With this agreement BASF and Univar Solutions, a global chemical and ingredient distributor and provider of value-added services, expand their collaboration to better serve customers through a host of sustainable solutions across a range of applications. Glyoxal is readily biodegradable by showing more than a 90% decrease of dissolved organic carbon according to Organisation for Economic Co-operation and Development (OECD) guidelines 301 C-E and 303 A.

Univar Solutions and BASF expand collaboration "We are honored and excited to expand our partnership and portfolio of offerings with BASF to match up best in class chemistry with our reliable and flexible service model to the market in the United States and Canada," said Brian Jurcak, Senior Vice President, Product Marketing Management and Global Trade for Univar Solutions.

"We are proud to extend our relationship with Univar to exclusively represent our Glyoxal product line in the United States and Canada," said Kevin Anderson, Vice President, Business Management Amines, Acetylenics, and Carbonyl Derivatives, Chemical Intermediates, North America for BASF. "Univar Solutions' supply chain capabilities coupled with their extensive market reach will provide customers with the reliability and convenience needed to service their Glyoxal requirements."

BASF's Glyoxal is utilized by customers as a highly efficient cross-linking agent in the textiles, disinfection, paper, leather, cosmetics and epoxy industries. The usage of Glyoxal allows customers to achieve a wide range of benefits in their formulation, including flexibility, improved viscosity, anti-wrinkle and softening as well as moisture resistance.

About BASF

BASF Corporation, headquartered in Florham Park, New Jersey, is the North American affiliate of BASF SE, Ludwigshafen, Germany.
