

Univar Solutions Chosen as Preferred Distributor of Tedia's High-Purity Solvents and Ultra-High Purity Oligonucleotide and Peptide Synthesis Chemicals in the United States and Canada

From bench to bulk, pharmaceutical customers will benefit from the latest solvent innovations and technologies in addition to an expanded portfolio with the Tedia partnership

DOWNERS GROVE, Ill., May 1, 2025 /PRNewswire/ -- Univar Solutions LLC ("Univar Solutions" or "the Company"), a leading global solutions provider to users of specialty ingredients and chemicals, today announced its Ingredients and Specialties (I+S) from Univar Solutions division has been appointed the preferred distributor for Tedia Company LLC's ("Tedia") high-purity solvents and ultra-high purity (UHP) oligonucleotide and peptide synthesis (ONS) chemicals in the United States and Canada for pharmaceutical and biopharmaceutical applications. As the pharmaceutical industry continues to evolve rapidly, the latest agreement enables I+S from Univar Solutions to expand and enhance its lineup of pharmaceutical ingredient solvents. This move uniquely positions Univar Solutions customers, providing a significant advantage and the support needed to break new ground in pharmaceuticals, biologics, and innovative DNA technologies, helping them shape the future of medicine.

Univar Solutions Chosen as Preferred Distributor of Tedia's High-Purity Solvents and Ultra-High Purity Chemicals "We are very excited about our partnership with Tedia as we extend our portfolio to include this broad range of high-purity and ultra-high purity solvents," said Aaron Lee, global vice president of Health & Nutrition for Univar Solutions. "We are equipped with a portfolio of products that allows us to better serve our customers in pharmaceuticals, biologics, and DNA technologies with an enhanced level of purity, reliability, and the flexibility to deliver. Much like Ingredients + Specialties from Univar Solutions, Tedia has established itself as a leader in its field and is committed to innovation and excellence. Together, we are proud to innovate and redefine ingredient distribution as we deliver on the evolving needs of our customers in critical life science industries."

The new portfolio includes key solvents at grades ranging from American Chemical Society (ACS) to UHP and beyond. Bringing together Tedia's industry-leading bulk distribution solutions and the vast global distribution network of Ingredients + Specialties from Univar Solutions allows for scalable solutions optimized to meet high-volume and bulk demand with safety, consistency, and quality. Advancing science in a complex landscape, Tedia provides the runway for partners in pharmaceuticals, biologics, and DNA technologies to make innovative advancements that can change the landscape of our future. Tedia also offers Tedia re:solv, a novel solvent recovery and repurification process that delivers on quality and value, and can contribute to advancing sustainability goals. Their advanced purification systems upgrade solvents and help meet the needs for critical applications in pharmaceuticals and other high-precision industries.

"This new alliance with Ingredients + Specialties from Univar Solutions will deliver streamlined, high-quality, cost-effective solutions for our existing customers and beyond," said Jim Mattey, CEO of Tedia. "This key partnership allows for enhanced distribution capacity, reduced lead times, enhanced product availability, the mitigation of supply chain risks, and the collaboration to meet critical production timelines for our customers. We are committed to advancing innovations in the UHP solvents space and their application in new treatments and therapies. Our collaboration has the power to drive breakthroughs and help shape the future of pharmaceutical and ONS advancements, impacting complex and emerging healthcare challenges for future generations."

The Ingredients + Specialties portfolio from Univar Solutions—one of the most trusted names in innovation and distribution—offers the essential specialty ingredients needed for brands and manufacturers to develop new and improved products that deliver results for their customers. I+S from Univar Solutions is backed by our commitment to innovation, sustainability, and quality, as well as technical support and formulation expertise to help ensure our customers and suppliers are equipped to navigate the industry's rapidly changing future with confidence and creativity.

Explore how the relationship between [I+S from Univar Solutions and Tedia](#) enhances formulation performance and addresses formulators' most technical challenges.
